Safety, Health, Environmental and Quality Policy, (SHEQ)

Vision:

- The vision of Pretorius Construction is to achieve zero harm for employee and clients through effective management of Safety in our operations

Aim:

- In order to give practical expression to our vision and to measure progress, we aimed at the following:

Safety, Health and Quality

- Prevent or minimize work related injuries of employees
- Contribute to address community health issues deriving from our operations
- Applying the principle of continuous improvement to SHEQ management and performance
- Provide quality services to our clients and customers

We believe:

- Every job can be done safely, and incidents can be prevented
- Everyone has a duty to work safely and to encourage others accordingly
- The environment can be protected

It is our duty to:

- Create and maintain safe and hygienic working conditions
- Establish safe working practices and procedures
- Train all employees to work safely
- Eliminate unsafe conditions and actions from the work environment
- Actively promote legislation and the establishment of sound safety codes of practice

We are committed to:

- Protect the safety of our employees
- Protect the safety of those who may be affected by our operations

We uphold the Occupational , Health and Safety and Mine Act
